“I found myself in a situation where I had to act quickly to stop an illegal construction in a subdivision I was developing in Habersham County. I learned that the injunction had to come from a Gwinnett County court.

“I needed a lawyer who **knew the Gwinnett court system and could get results**. I was referred to Randy Rich. From the start Randy listened carefully to the facts of my case, and began preparing our arguments.

“The next morning when I arrived in Gwinnett, Randy already had the paperwork prepared and was ready to argue before the judge. Within hours, we had a signed injunction stopping the construction!

“Randy represented me through appeals all the way to the Georgia Supreme Court. We won every time! If you need a lawyer in Gwinnett, I say, ‘Call Randy Rich.’”
